## WORK EXPERIENCE

### Technical Lead Compassion International

09/2019 - Present

Colorado Springs, CO

*Releasing children from poverty in Jesus' Name*

- Spearheaded team's move from exclusively Salesforce development to leveraging microservice technology
- Designed, implemented, and currently support a new batch-oriented approach to larger data transportation to global customers
- Designed, developed, and deployed a new React Native web app for read-only users
- Migrated organization's source control to a new GitLab process with automated pipelines and a custom branching methodology to allow for Salesforce development lifecycles

### Software/Systems Engineer cFive Solutions

11/2016 - 01/2020

Lake Forest, CA

*Probation/Parole Software Solutions*

- Designed and developed 2 Angular web applications: one as a PWA with offline functionality, and one as an integrated front-end to micro-services
- Performed, documented, and improved customers' data migration processes
- Created and managed project schedules for 4 teams (including off-shore) delivering concurrent, customer products using Agile methodologies
- Assisted in on-site demos, technical walkthroughs, and customer requirements analysis

Contact: Victor Ainza - 562-822-9744, vainza@gmail.com

## EDUCATION

### Software Engineering California Baptist University

08/2012 - 05/2016

Riverside, CA

- Capstone: Python/Flask web app built as an automatic scheduling assistant for the College of Engineering at CBU
- Food Choices: Java Android app developed and posted to Play Store for restaurant experience recording
